Jewelry Ever Held in El Paso

A Most Opportune Opportunity

A Manufacturing and Importing Jewelry and Novelty Concern, whose business aggregates in the many millions, are reorganizing Jan. 1st, and found it necessary to dispose of their merchandise.

They naturally turned to our buying organization, which represents thirty two concerns in the principal cities of the United States, whose combined outlet makes it possible to handle any quantity of merchandise if the price is right. Our business, as one of the fast growing stores of this combination, entitled us to a pick and choice of this merchandise and comes to us at a time most opportune for ourselves and our customers, as it will permit the most wonderful Xmas selling of jewelry, watches, silverware, party boxes and kindred merchandise that has ever been attempted in El Paso. Several hundred feet of selling tables and display cases will be used for the special display of this merchandise.
